

DDAM 2025 Social Media

Launch: March 3, 2025

March is 31 days. But having a disability? 24/7, 365.

[ORGANIZATION] is excited to kick off March with a year-round disabilities awareness campaign that reminds everyone that “We’re Here All Year.” Community, accessibility, and opportunities for people with developmental disabilities should be recognized and championed every day—not just in March.

Through this campaign, you will meet people from across **[STATE/the country]** and learn about their everyday life and why their community is a better place when they can contribute to it.

Meet us, know us, involve us.
